EXPERIENCE

Accountant, External Auditor, Revenue Accountant, Financial Analyst, Internal Auditor

August 2012 - September 2023

Spanning two countries, multiple industries and several companies, my finance career has taken me through a multitude of experiences. I have been a junior, a senior, and a team lead. I participated in project implementations, accounting standard changes, attracting venture capital, audit assignments for banks, NGO's, factories.

My previous experience has shown me that I am capable of learning, adapting and challenging myself in new roles and environments and how exciting it is to start from a clean slate.

I am currently pursuing an education in Software Development as a base for a new career.

Annex to CV

DETAILED EXPERIENCE

Internal Auditor, Omron Management Center Europe — Hoofddorp

July 2019 - September 2023

- Performed professional, full cycle internal audits at various Omron locations, including Headquarters, regional entities and factories, based on Omron's philosophy and ethics as well as internal auditors' ethics code (IIA).
- Performed audit procedures, collected data, reviewed and analyzed audit evidence and evaluated risk areas of audited entities.
- Pursued root causes of deficiencies and issues found during the audit, and recommended countermeasures.
- Reported findings and followed up on remediations and subsequent issues.

Financial Analyst, Bitfury — Amsterdam

June 2018 - June 2019

- Created financial models based on analyses to support organizational decision making.
- Developed financial plans and reports for organizational leaders.
- Evaluates capital expenditures and depreciation.
- Developed automated reporting and forecasting tools for more efficient use of data.
- Developed weekly cash flow forecasts and liaise with management on liquidity issues.

Senior Revenue Analyst, ServiceNow—Amsterdam

January 2017 - April 2018

- Initially joining the company as an associate revenue analyst, I have progressed to a senior position.
- Responsible for the EMEA/APAC regions in terms of deal reviews, structuring, and sales business partnering.
- Actively involved in the implementation of the new SAP Revenue Accounting and Reporting tool, as well as the ASC 605 to 606 transition of the financial position.
- Accountable for key reports and analyses as part of the month end close and on an as-needed basis.

Senior Associate Audit and Assurance, Deloitte - Chisinau

September 2013 - December 2016

- Starting as an audit assistant, I supported audit seniors during the fieldwork and carrying out audit procedures.
- Advanced to leading the team during fieldwork on audit engagements, identifying the risks of audited businesses, preparing audit plans, establishing appropriate audit procedures and being directly responsible for the reporting process and communication with client management.
